We offer new and refurbished Business Grade Notebook Computers from the most popular brands.

Our selection varies among Dell Latitude, Lenovo ThinkPad, Hewlett Packard Pro Book, among others.

For Archbishop Williams High School, our minimum system is set up with an Intel Ninth Generation i5 Processor, 8GB RAM and a 240GB Solid State Drive. Screen sizes are normally 13.3 to 15.6", with some other options. With our tweaking, this configuration is lightening fast!

Business Grade laptops are far more durable than personal models. They are designed for travel, frequent opening and closing, as well as optimum performance.

Most of our refurbished laptops are priced from \$450 to 550.

Satisfaction guaranteed.
